</table>
Dear graduate student:

We are pleased to give you a copy of the 2017–2018 Graduate Student Handbook, which we hope will help both new and continuing students navigate graduate student life at Tufts. If you are a new student, we are delighted that you chose Tufts and we hope that your graduate study at Tufts will exceed all of your expectations. If you are a continuing student, we hope that the coming year will be rewarding and productive.

The Graduate Student Handbook describes the important rules and regulations for graduate study. Many departments also publish their own handbook for graduate students, and it is important to become familiar with that document as well. Your best resources are likely to be in your department, and in most matters we expect that you will want to turn to your adviser, or other faculty members for assistance. Occasionally, however, issues may arise that you would prefer to discuss with someone outside of your academic life. The Dean of Student Affairs Office is a resource that addresses these situations, and you are welcome to contact the office if you wish.

We encourage you to take advantage of the academic diversity of Tufts by broadening your graduate experience beyond your department, and even beyond your school. Cross-listed and interdisciplinary courses, and academic and professional workshops provide possible avenues to diversify your graduate experience. We encourage you to explore, in consultation with your mentor, multidisciplinary opportunities for your graduate work at Tufts.

We always look forward to hearing from our graduate students. We wish you all the best in the coming year.

Robert Cook
Dean, Graduate School of Arts and Sciences

Karen Panetta
Associate Dean, School of Engineering

Mary Pat McMahon
Dean of Student Affairs
The Academic Policies section of this handbook includes general principles and practices of the Graduate School of Arts and Sciences and the School of Engineering. To be informed of specific academic policies of your department or program, consult your departmental or graduate program guidelines.

**Academic Standing**
All graduate students are expected to remain in good academic standing. In order to remain eligible to continue in a degree, certificate, or post-baccalaureate program and/or to receive various types of financial assistance, including federal aid, a graduate student must maintain good academic standing and be making satisfactory progress toward the degree or certificate. The faculty has adopted the following statement relative to academic standing and degree progress.

Note: Honors standing is not given in the graduate school. The following are the minimum requirements; departments have the right to impose additional criteria for good academic standing.

1. **To remain in good academic standing a student may have only one grade lower than B-, or one Unsatisfactory (U), or one Incomplete (I) that remains incomplete for more than one semester.**

2. **Credit will be awarded only to credit-granting courses that receive a grade of B- or better or satisfactory (S).**

3. **Options for making up a grade less than B- or a U must be discussed and approved by the department. Courses for which a student receives a grade lower than B- may be retaken only once to achieve the credit. The original grade earned remains in the student’s record.**

4. **Incomplete grades must be completed in accordance with the Policy on Incompletes detailed in this handbook on page 6.**

5. **The completion of all degree requirements, such as comprehensive, qualifying, and language examinations, must take place within the time limits established by the respective departments or programs and the Graduate School of Arts and Sciences or the School of Engineering.**

Deviation from any of the above requirements or the departmental or program requirements constitutes evidence that the student is making inadequate degree progress and is no longer in good academic standing. The student will be officially notified of their status and thereupon the student will be dismissed unless recommended otherwise by the department and an exception is granted by the appropriate dean. The student will be informed of the recommendation. Only the dean of the Graduate School of Arts and Sciences and the associate dean of the graduate programs in the School of Engineering may dismiss an enrolled graduate student. In general, dismissal occurs following review by and vote of the department’s graduate program committee. Students will be kept informed throughout these proceedings. Students may appeal the decision in writing, within ten days of receiving notification of dismissal, to the Graduate School of Arts and Sciences Dean’s Office or to the Dean of the School of Engineering. Please refer to the appropriate school’s website for more information regarding the appeals processes.

If an appeal or an exception is granted, the graduate director or the department chair will meet with the student to develop a plan and a timeline to return to good academic standing. The set plan and timeline must be communicated to the appropriate Dean’s Office.

Among the most common grounds for dismissal from the institution are the following:

- more than one grade not meeting the minimum standards described
- failure(s) to reach a departmental benchmark
- evidence that degree requirements will not be met within stated time limits
- academic dishonesty (more information on the Academic Integrity Policy is below)

**Academic Integrity**
Students are expected to meet the highest standards of academic integrity. Plagiarism, fabrication, falsification, cheating, and other acts of academic dishonesty, or abetting the academic dishonesty of another will result in sanctions and may lead to academic dismissal. The Tufts Academic Integrity Policy provides a primer on ethical academic work. It also includes a description of computer ethics and the appropriate use of electronic resources. Students should familiarize themselves with the standards and policies outlined in this policy, which is online at [go.tufts.edu/AcademicIntegrityPolicy](http://go.tufts.edu/AcademicIntegrityPolicy). Alleged violations of these policies will be
considered and addressed within the Student Judicial Process, which is online at go.tufts.edu/StudentJudicialProcess.

Academic Grievances
Graduate students who are experiencing conflicts in their academic work may approach the Associate Dean of the Graduate School of Arts and Sciences for consultation on how to address academic conflicts with faculty or with other graduate students in their departments. Various options for conflict management, including mediation, will be explored.

Policy on Incompletes
An incomplete may be awarded only if the student has done work in the course, the instructor judges the reasons for granting incomplete status to be valid, and the instructor determines that the work can be completed in the time specified on the Incomplete Contract Form. It is the responsibility of the student to request an incomplete before the due date of the required work and sign the contract with the instructor of the course.

If an incomplete is granted, all work in the course must be completed on or before the date six weeks after the first day of classes in the subsequent semester (fall or spring only; summer terms excluded). If the student has completed the work within the stated time, it will be evaluated without prejudice.

Residence Requirements
The residency requirement for doctoral students is one year of full-time study at Tufts.

Tufts will not award the doctoral degree to students whose dissertation research or writing was performed at another institution, unless they were under the direct supervision of a Tufts-based faculty member.

For the School of Arts and Sciences master's programs, the residency requirement is two terms of graduate study at Tufts.

For the School of Engineering master’s programs, the residency requirement is three semesters of graduate study at Tufts. For those students who contacted admissions by May 31, 2016 and transitioned into the one year master’s degree program or began their program in spring 2017, the residency requirement is two semesters of graduate study at Tufts.

Time Limitations for Completing Degrees
The School of Arts and Sciences master's students must complete all degree requirements within five calendar years, except candidates for the M.F.A. degree, who must complete all degree requirements in two years. O.T.D. candidates must complete all degree requirements within five calendar years. A Ph.D. candidate may take up to seven calendar years to complete all degree requirements. Certificate students are expected to complete the certificate requirements within four years of starting the program.

Extension of Degree Time
A student should consider applying for an extension of time when actively working on program requirements and more time is needed to complete them, but the student is confident that the work will be completed within the additional year if the extension is approved. Students should not request an extension of time if substantial progress cannot be made. If an extension is granted it is expected that students keep on schedule to complete degree requirements. To request an extension of time to complete the degree requirements, a student must complete the Request for Extension of Time form at asegrad.tufts.edu/current-graduate-students and submit it to the department for approval. This request must include a progress report of work completed to date, as well as a timetable for finishing all requirements. (See appropriate form.) A statement from the student's department chair and/or academic adviser must be submitted along with the request, addressing: 1) the practicality of the timetable submitted; and 2) the quality and current status of remaining requirements, including topics selected for projects, preliminary and qualifying review materials, theses, and dissertations. The student must then forward the request to the appropriate dean's office. It should be noted that requests for an extension...
Leaves of Absence

Overview of Leaves

There are three types of leaves available to graduate students, personal, parental, and medical, which are detailed below. Full information about each leave type is available at go.tufts.edu/LeavesofAbsence. Students who are on leave are not charged tuition and fees and are not eligible for stipends. Funding upon return cannot be guaranteed; please speak with your program graduate director if you have questions. Students have a responsibility to inform their adviser and the program graduate director of their intent to take a leave. In cases where a student has a teaching or research assistant appointment, it is expected the student alert their adviser and program graduate director of the leave. Notification should be given within a reasonable time period prior to the leave so alternate arrangements can be made for the duration of time the student will be on leave.

Student loan borrowers will receive exit interview and repayment information and may be required to begin making loan payments while on leave. Students who are not in good academic standing when taking a leave must have an academic plan intact so upon their return they can continue making academic progress. This plan must be approved by their academic adviser and the respective dean before return. Please see the policy on academic standing on page 5.

Because leaves of absence can impact visa status and eligibility to remain in the United States, international students who are considering taking a leave must contact the International Center before any leave is authorized. Personal leaves of absence directly jeopardize an international student's ability to remain in the United States. Parental Leave

Graduate students may apply for a personal leave of absence in SIS. Students who have not successfully completed one semester of graduate study are typically not eligible to take a leave of absence. Personal leaves of absence will not be granted for periods of time of more than one year. If the student's request for a leave of absence is not approved, the student will be held to the original timetable for degree completion and, if time to degree completion has expired, the student's candidacy for the degree is terminated.

Medical Leave of Absence

A Medical Leave of Absence is available for students who find it difficult to productively or safely manage demands of their academics, research, and campus life due to a health concern. The Dean of Student Affairs Office facilitates the medical leave process and approves medical leaves with input from the student's treatment provider, who is either a University clinician or an outside clinician engaged in the care of the student. International Students who wish to request a medical leave must consult with both the Dean of Student Affairs Office and the International Center.

Once the semester begins, an enrolled student interested in a medical leave must complete their request by the last day of classes that semester. A student may also take a medical leave prior to the beginning of the next semester if they have enrolled in courses but are unable to start classes. Additionally, students who are on leave are not charged tuition and fees and are not eligible for stipends.

Students on medical leave may not be on the Tufts campus, which means that they are typically unable to complete in-person coursework and research unless permission is granted by the Dean of Student Affairs Office in consultation with the relevant academic dean. Additionally, students may not attend co-curricular activities at the University while on medical leave. This step ensures that students fully invest in addressing the health concern precipitating the leave.
The period of time a student is on a medical leave will not be counted toward the time the student is expected to complete the degree. However, students must work closely with their adviser and department to evaluate how a leave might impact their academic progress.

Please note that a student's medical leave status will not appear on their academic transcript, and details of the nature of the medical leave will not be discussed with the student's department.

A medical leave is indefinite in duration in order to allow a student to fully attend to health-related issues. Students return from medical leave by petitioning the Health Accommodations and Medical Leave Committee. This committee will review the student's re-entry materials to evaluate whether or not the individual is ready to resume their studies. A medical reduced course load for visa purposes which is associated with a medical leave is a maximum of 12 months.

The Associate Dean of Student Affairs chairs the Health Accommodations and Medical Leave Committee, which may include the appropriate adviser, academic department representative or dean, member of the Dean of Student Affairs Office, Medical Director of Tufts Health Service, and designees from Counseling and Mental Health Services, Office of Equal Opportunity, Office of Residential Life and Learning, and Student Accessibility Services depending on the individual case. Cases reviewed by the committee include, but are not limited to:

- Requests to return from Medical Leave of Absence
- Requests for housing accommodations related to a documented disability (temporary or permanent), or a medical condition
- Requests to return from hospitalization

The medical leave protocol involves a number of steps. Understanding the financial and academic implications of any leave is important. Please note that Marisel Perez, Associate Dean of Student Affairs, will assist you in arranging your medical leave. You may reach Dean Perez at marisel.perez@ase.tufts.edu or 617.627.3158.

Voluntary Withdrawal
Graduate students may voluntarily withdraw from their degree program at any time. Graduate students are encouraged to meet with their adviser and/or graduate program director before action is taken. As with taking a leave, international students must contact the International Center before withdrawing from a program. A withdrawal can be requested in SIS. Once withdrawn from a program, the student must apply for and be granted reinstatement to the program before being able to register. Please see the reinstatement section of this handbook for further details. Students who withdraw with disciplinary charges pending will have a permanent notation posted on their transcript. This policy is detailed in the Student Judicial Process: go.tufts.edu/StudentJudicialProcess.

Reinstatement Policy
If a graduate student has not registered at Tufts for one or more semesters, or would like to return from leave but is not in good academic standing, and later decides to resume work in the degree program, he or she must be reinstated by the graduate school. In order to be reinstated, a student must request reinstatement from his or her academic program. The Request for Reinstatement form, asegrad.tufts.edu/current-graduate-students, must be completed and forwarded to the academic program for consideration. The student's thesis or research mentor, the graduate program director, and the department chair must provide a statement supporting reinstatement and their signatures on the form. The signed form and supporting documentation should be forwarded to the Office of the Dean of the Graduate School of Arts and Sciences or the School of Engineering. A $350 reinstatement fee will be charged to all graduate students who re-enroll in the graduate school.

International Students must contact the International Center prior to requesting a reinstatement in order to properly plan any visa needs if approved.

For Graduate School of Arts and Sciences students: If a student was in good academic standing when withdrawn and wishes to be reinstated, the reinstatement may be approved by the dean. If a student was not in good academic standing when withdrawn, or was withdrawn due to reaching the time limit for completion of degree, reinstatement requires approval by the Executive Committee. Reinstatement requests must be received by August 15, December 15, or April 15 to be considered for the following semester.

For School of Engineering students: Reinstatement will be a decision by the department and its graduate committee and will have to be approved by the associate dean of graduate engineering.
Transfer of Credit

Students in the Graduate School of Arts and Sciences and the School of Engineering may apply for transfer credit for graduate-level courses taken at Tufts or at other institutions. (Certificate students and students in the public policy program may not transfer in courses taken outside of Tufts. Courses taken through the Tufts Gordon Institute that are beyond the degree requirements cannot be transferred to another Tufts engineering program.) It is recommended that students apply for transfer credit at the beginning of their graduate program. **Students can request transfer of credit in SIS.**

Where semester hours are used, one 3- or 4-semester-hour course equals one Tufts credit, and one 2-semester-hour course equals one-half Tufts credit. Where quarter hours are used, one Tufts credit equals 5.25 quarter hours.

A maximum of two courses* (one for M.F.A. candidates) may be transferred and used to fulfill requirements for a graduate degree, subject to the following conditions.

Credits transferred must:

- carry the grade of B- or better (courses taken as pass/fail cannot be transferred)
- not have been counted toward another degree
- have been earned in graduate-level courses at a properly accredited institution
- have been taken within the past five years

These are minimum requirements for credits transferred. Departments have the right to impose additional criteria.

Courses taken as a Tufts undergraduate student are not subject to the two-credit limitation provided the courses were formally reserved for graduate credit. In all cases, the transfer of courses must be approved by the department. Approved courses that meet all eligibility requirements will be posted on the graduate transcript.

Doctoral candidates may not transfer courses counted toward a master’s degree to their doctoral program. However, individual departments and programs may, at their discretion, accept these courses in order to reduce the number of courses required for the doctoral degree. No student will be allowed to graduate without formal department and program approval of the credits earned elsewhere. It is the student's responsibility to obtain approval of the credits from the department or program prior to submitting the application for graduation.

Foreign Language Examinations

Several graduate programs have a foreign language requirement. Consult your department or program on how to satisfy this requirement.

**Note:** Graduate student tuition does not pay for summer courses taken in order to fulfill a language requirement or to prepare for a language exam. Students do not receive degree credit for such courses.

Advisers

Graduate students are assigned academic advisers and thesis or dissertation mentors by their department. There are occasions when it is desirable for students to switch to a new adviser or mentor.

These changes are considered to be a standard practice so long as they conform to the policies and procedures of the department. Students may consult with the dean if questions arise about adviser or mentor assignments.

The faculty director of the graduate certificate program in most cases serves as the adviser of enrolled students.

Non-Discrimination Statement

Tufts does not discriminate in its educational programs or activities on the basis of race, color, national or ethnic origin, ancestry, age, religion or religious creed, disability or handicap, sex or gender (including pregnancy, sexual harassment and other sexual misconduct including acts of sexual violence such as rape, sexual assault, sexual exploitation and coercion), gender identity and/or expression (including a transgender identity), sexual orientation, military or veteran status, genetic information, or any other characteristic protected under applicable federal, state or local law. More detailed Tufts policies and procedures on this topic may be found in [oee.tufts.edu/policies-procedures/non-discrimination-policy](http://oee.tufts.edu/policies-procedures/non-discrimination-policy).

Retaliation is also prohibited. Tufts will comply with state and federal laws such as M.G.L. c. 151B, Title IX, Title VI and Title VII of the Civil Rights Act, the Americans with Disabilities Act, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination in Employment Act, and other similar laws that prohibit discrimination.
the OEO Policies and Procedures Handbook (oeo.tufts.edu/policies-procedures).

Unlawful discrimination has no place at Tufts University and offends the University's core values that include a commitment to equal opportunity and inclusion. All Tufts employees, faculty members, students and community members are expected to join with and uphold this commitment. Information regarding support services for individuals who have experienced any form of misconduct can be found on the OEO website oeo.tufts.edu/reporting-resources.

Any member of the Tufts University community has the right to raise concerns or make a complaint regarding discrimination under this policy without fear of retaliation. Any and all inquiries regarding the application of this statement and related policies may be referred to: Jill Zellmer, MSW, Director of the Office of Equal Opportunity, Title IX and 504 Coordinator, at 617.627.3298 at 196 Boston Avenue, 3rd floor, Medford, MA or at jill.zellmer@tufts.edu. Anonymous complaints may also be made by reporting online at: tufts-oeo.ethicspoint.com or by using the hotline at 1.866.384.4277. As set forth in our policies, individuals may also file complaints with administrative agencies such as the U.S. Department of Education, Office for Civil Rights (“OCR”). The contact information for the local office of OCR is 617.289.0111 at Office for Civil Rights, Boston Office U.S. Department of Education, 8th Floor, 5 Post Office Square, Boston, MA 02109-3921. The email address for OCR is OCR.Boston@ed.gov.
Continuous Enrollment Policy
Graduate students must be enrolled (registered), or on an approved leave of absence, for every academic-year semester between matriculation and graduation. Students should register during the early registration periods in November and April. The university reserves the right to withhold registration for any student having unmet financial or health services obligations. Students who fail to register by the end of the second week of classes will be administratively withdrawn and subject to a $350 reinstatement fee. International students must maintain proper enrollment status per their visa requirements.

Degree-only Status
If a student has registered for all required courses, including thesis research (295, 296) or dissertation research (297, 298), the student must register for a course designation that indicates that only thesis, project, master's exhibition, or dissertation-related work, whether part-time or full-time, is being pursued.

Master's candidates must register for course 401-PT (part-time) or 402-FT (full-time) in their department and doctoral candidates must register for course 501-PT (part-time) or 502-FT (full-time) in their department. Graduate students may declare full-time status of thirty-five hours per week (402 or 502) with their adviser's concurrence.

Enrollment Status
Graduate students are responsible for maintaining enrollment status at Tufts. Federal regulations require students to be enrolled (registered) full-time or half-time in order to receive and/or defer student loans. Tufts provides information regarding student enrollment status to lenders via the National Student Loan Clearinghouse and is required by law to return funds for students who do not maintain a minimum of half-time enrollment status. Enrollment status is either full-time, half-time, or part-time as defined below:

Full-time: Three (3) or more course credits; Two (2) course credits and a teaching or research assistantship (must also register for 405-TA or 406-RA) or registration as a full-time continuing student (402/502) working on a thesis, dissertation, project, or internship.

Half-time: Two (2) course credits; One (1) course credit with a teaching or research assistantship.

Part-time: One (1) course credit or registration as a part-time continuing student (401/501).

*In most situations, international students must maintain full-time status. Contact the International Center with questions or concerns about Enrollment Status.

Cross-Registration and Graduate School Consortium
During the academic year, full-time graduate students may take one course per semester through cross-registration agreements with Boston College, Boston University, and Brandeis University. A full-time graduate student at Tufts University may also enroll for two graduate courses during any semester at the Fletcher School of Law and Diplomacy, the Friedman School of Nutrition Science and Policy, and the Sackler School of Graduate Biomedical Sciences. Cross-registration is possible on a space available basis. M.F.A. students may cross-register for a maximum of two (2) courses (total) with adviser approval. Students who wish to cross-register should consult the instructor in the particular course and should expect to satisfy the prerequisites and requirements normally required for admission to that course. Cross-registration is not permitted in any summer school. Courses satisfactorily completed (B- or better) at one of the three consortium schools (Graduate School of Arts and Sciences at Boston College, Boston University, and Brandeis University) automatically appear on the student’s Tufts transcript and may be counted toward degree requirements.

A student at Tufts University who wishes to enroll in a graduate course at one of the host institutions should obtain the permission of the Tufts departmental graduate director and a registration permit from the Student Services center in Dowling Hall and present it to the graduate registrar of the host institution. The host institution reserves the right to terminate the student’s participation at that institution at any time.

Another consortium relationship is with the Consortium for Graduate Studies in Gender, Culture, Women, and Sexuality at MIT. This consortium relationship is limited to the specific area of Women, Gender, and Sexuality Studies. For information about course offerings and application materials, go to web.mit.edu/gcws.

Audits
Graduate students may arrange with an instructor to sit in on a course, but this course will not appear on the academic record.
Dropping a Course
A course for which a student has registered remains on the record unless it has been dropped within the first five weeks of the term. Courses that are dropped after the fifth week but prior to the last day of classes will carry the grade of W and remain on the transcript.

Grades
Grades of scholarship are expressed by one of the following letters:

A Superior work
B Meritorious work
C Not acceptable for graduate credit
D Not acceptable for graduate credit
F Failure
P Not acceptable for graduate credit
S, U Grades of S (Satisfactory) and U (Unsatisfactory) may be given by the instructor in special topics courses, courses in supervised teaching, research courses, certain graduate colloquia, certain professional development courses such as GIFT and GREAT, and thesis and dissertation courses.

The following symbols are also used:

I Incomplete: an indication that more time will be allowed to complete the work, specifically within six weeks of the first day of classes in the subsequent semester (fall or spring only; summer terms excluded).
W Withdrawn: an indication that a student has been permitted to withdraw from a course after the fifth week of a semester, but no later than the last day of classes.
Y Work not scheduled for evaluation during the current term.

Changes in Course Grades: Statute of Limitations
Effective education requires timely and objective evaluation of students’ academic work, using clear, standard, fair and public criteria. Such standards should be listed in the course syllabus. While criteria differ across disciplines and faculty, and while the ultimate responsibility for setting standards and evaluating performance rests with departments and individual faculty, submitted grades are final and not subject to negotiation. Exceptions are limited to correcting clerical and calculation errors, and correcting deviations from stated criteria. Students have the right to know the basis of a grade, and faculty should be open to that post-semester conversation. Following such conversation, students who believe that an error or deviation remains may appeal to the department chair and, if necessary, subsequently to the Dean of the Graduate School of Arts and Sciences, or to the Associate Dean of the School of Engineering.

Health Service Requirements
Prior to initial registration, all graduate students must complete an online medical history and provide proof of required immunizations. Those with missing or incomplete health reports will not be allowed to register.
Tuition—Arts and Sciences Degree Programs
The tuition rate for the academic year varies across programs and enrollment status.

Full-time: The tuition charged for a full-time arts and sciences graduate program is a comprehensive fee that covers all courses required for completion of the degree. The full-time tuition charges listed below are in effect for the 2017–2018 academic year. These tuition charges represent the total cost of most master’s degrees, provided the tuition payment is completed in the 2017–2018 academic year.

M.A., M.S., and M.P.P. programs (except as noted below) .......... $49,892
M.A.T. program ..................................... $43,680

The following master’s degree programs require more courses than the other degree programs and require the payment of tuition for two years. The tuition for the first year (academic year 2017–2018) is as follows:

M.F.A. Studio Art program... $45,008

Occupational Therapy (entry-level program)........ $49,892
School Psychology (M.A./Ed.S.) ......................... $43,680
Urban and Environmental Policy and Planning .......... $35,980

The Ph.D. tuition is $29,936. Ph.D. students are charged tuition for a period of five years. Tuition for the O.T.D. program is $49,892 in 2017–2018.

Part-time: The 2017–2018 tuition for part-time students is $4,990 per credit including credits taken in the summer. Part-time students pay the prevailing rate each year until their degree is completed. Students who revert to part-time after beginning their program will be required to pay the full degree charge regardless of the number of courses they have left to complete.

Continuation tuition: Students will be charged continuation tuition each semester after their expected degree completion period. Expected degree completion periods are two (2) years for most master’s students, three (3) years for master’s students in occupational therapy (entry-level program), school psychology, and urban and environmental policy and planning; three (3) years for OTD students entering without a master’s degree, and seven (7) years for Ph.D. students. The 2017–2018 continuation tuition is $800. In cases in which a student is charged continuation tuition and graduates in February, the spring charge will be removed. Tuition scholarships do not cover continuation tuition.

Summer session: The summer sessions offered by Tufts are outside the standard academic year and therefore have a separate payment structure. The tuition charged for a full-time arts and sciences graduate program is a comprehensive fee that covers all courses required for completion of the degree. Courses taken through Tufts Summer Session with the intention of fulfilling a degree requirement must be approved by the student’s academic department. Provided that the course is required for the degree, the graduate school will pay the summer tuition for full-time students. (Courses taken in excess of the degree requirements, courses numbered below 100, courses taken for audit, and language courses taken to prepare for a language exam, are excluded.) Part-time students must pay the academic year per-credit rate for summer courses. Students who withdraw from a course or receive a grade below B- will be charged for the course.

Note: The tuition for academic year 2018–2019 will not be available from the Board of Trustees of the university until May 2018.

Tuition—Arts and Sciences Certificate Programs
The 2017–2018 tuition for most Arts and Sciences certificates is $3,992 per credit. This rate also applies to courses taken in the summer. Students enrolled in the certificate programs listed below pay a reduced rate. The reduced tuition only applies to courses required for the certificate. The 2017–2018 tuition per credit for these programs is as follows:

Early Childhood Technology ................................ $1,500
Museum Studies ........................................ $2,994
Science Education .................................... $1,500
Urban Justice and Sustainability ..................... $2,500

The 2017-2018 tuition for the Post-baccalaureate Studio Art program is $20,267 a semester. Tuition is charged for two semesters.

Note: Tuition for academic year 2018–2019 will not be available from the Board of Trustees of the university until May 2018.

Tuition—Engineering Degree Programs
The tuition charged for a full-time engineering graduate program covers all courses required for the degree. Any courses taken in addition to those required for the degree cost $5,052 per credit in 2017–2018. Continuation tuition does not cover courses that are not required for the degree.

The 2017–2018 tuition for M.S. programs is $25,260 a semester. Tuition will be charged for two semesters.
Students who enroll in additional semesters will be charged continuation tuition ($800 per semester in 2017–2018). The 2017–2018 full-time tuition for engineering M.S. and M.E. students who entered before January 2017 is $15,578 per semester. Three semesters of full-time tuition and one semester of continuation tuition are required unless a student has registered for all ten credits required for the degree and completed all required courses (excluding thesis or project) in fewer than three semesters. Master's students can register for a maximum of four credits a semester. The 2017–2018 continuation tuition is $3,786 per semester.

Tuition for the M.S.I.M. program is $25,000 a semester in 2017–2018. Tuition will be charged for two semesters. Students who enroll in a third semester will be charged an additional $5,000. Tuition for the M.S.E.M is charged for four semesters. The 2017–2018 tuition for the M.S.E.M. is $13,200 a semester.

Doctoral tuition is $15,578 per semester in 2017–2018. Full tuition is charged for nine semesters unless the student enters the program with an appropriate master's degree, in which case tuition is charged for six semesters. Students will be charged continuation tuition each semester after the regular tuition requirements for the program have been satisfied. The 2017–2018 continuation tuition is $800 per semester.

Students who are admitted to undertake the M.S. or Ph.D. program on a part-time basis register for one or two courses a semester and pay the prevailing per credit rate each year until they have registered and paid for all credits required for the degree. The 2017–2018 tuition for part-time engineering students is $5,052 per credit, including credits taken in the summer. Most Tufts courses are 1.0 credit. Students will be charged continuation tuition ($800 per semester in 2017–2018) if additional time is needed to complete thesis, project, or dissertation work. Students who revert to part-time after beginning their program will be required to pay the full degree charge regardless of the number of courses they have left to complete.

Note: Tuition for academic year 2018–2019 will not be available from the Board of Trustees of the university until May 2018.

Tuition—Engineering Certificate Programs

The 2017–2018 tuition for School of Engineering certificates is $5,052 per credit, with the exception of the online Teacher Engineering Education certificate. Tuition for the online certificate is $1,000 per credit. Any courses taken in addition to those required to complete a particular certificate program cost $5,052 per credit in 2017–2018.

Note: Tuition for academic year 2018–2019 will not be available from the Board of Trustees of the university until May 2018.

Health Insurance and Comprehensive Health Fee

Tufts University students are required to have health insurance. The university offers a comprehensive plan for students and, if needed, their spouses and children. The 2017–2018 cost of the individual student plan is $2,460. If you are enrolled under the student insurance you will also be charged the mandatory comprehensive health fee ($814 in 2017–2018). Graduate students in arts and sciences and in engineering are automatically enrolled in, and billed for, the Tufts insurance while full-time tuition is being charged. Once degree payment is complete, students are not automatically enrolled in the plan, but may purchase coverage directly from the Health Service Business Office or online with the insurance provider while they remain within the time limit for degree completion.

In addition to the health insurance charge, which may be canceled if proof of comparable outside coverage from a U.S. carrier is submitted, students enrolled at least half time pay a mandatory comprehensive health fee ($812 in 2017–2018).

Student Activity Fee

All students in graduate degree programs pay an annual student activity fee ($62 in 2017–2018). The monies are used by the Graduate Student Council (GSC) to support the interests of graduate students.

Tuition Refund Policy

Students who elect to take a leave of absence or withdraw or who are required to withdraw will receive a tuition refund in accordance with the schedule published in the Tufts Bulletin (students.tufts.edu/registrar/bulletin) based on the effective date of the leave. No tuition refunds are made after the fifth week of classes. Other charges and fees such as the health service fee and the student activity fee are not refunded or prorated after the beginning of the semester.

Payment Options

A tuition payment plan is available to master's and doctoral students. For more information or to enroll online go to tuitionpaymentplan.com/tufts.
Financial Aid

Tufts provides a range of financial assistance in the form of scholarships, loans, and assistantships to as many graduate students as its own and federal funds allow.

Most scholarships, fellowships, and research or teaching assistantships are administered through the schools. Student Financial Services administers all federal aid programs.

Graduate School Aid

- Tuition scholarships
- Teaching or research assistantships
- Fellowships and competitive merit awards
- Federal financial aid
- Health insurance and health coverage

In order to help students whose records indicate scholarly promise, the university offers a variety of awards and training opportunities. Partial and full scholarships are available to help defray tuition costs; teaching assistantships, with twenty hours per week of teaching-related activity, are available in many departments.

A number of research assistantships are also available, and some departments are able to provide outstanding students with fellowship and research support.

Usually, no student may hold a fellowship, scholarship, or teaching assistantship for more than two years of study for a master's degree, or for more than five years of study for the doctorate. In making awards, priority is given to full-time students. Students must be in good academic standing in order to maintain their financial award package.

Tuition Scholarships

Given on grounds of scholarly ability and need, a scholarship is an award of financial credit that may be used exclusively for remission of tuition charges during the academic year (fall and spring semesters).

Teaching Assistantships

Teaching assistants are graduate students enrolled in the graduate school who, as part of their training, are awarded a stipend to provide part-time support to faculty who are teaching a course at the university. Students who are teaching assistants receive resident credit for, and are charged tuition for, the fraction of the program spent fulfilling degree and residence requirements outside of their teaching assistantship responsibilities. Thus, the holder of one of these teaching assistantships spends up to twenty hours per week in activities associated with instruction, and typically takes two courses per semester. Teaching assistants are eligible for awards unrelated to their assistantship, including scholarships and fellowships.

Teaching assistants normally have instructional responsibility related to most aspects of the courses to which they are assigned, such as recitation or laboratory sections, grading papers and examinations, and other related responsibilities.

Appointments to these assistantships are based upon the recommendation of a student's department chair or graduate director and are effective for one academic year or one semester, but are renewable. Teaching assistants with appointments of 10 or more hours per week should register for 405-TA each semester. All newly appointed teaching assistants are required to attend the fall semester Teaching Assistant Orientation.

The opportunity to serve as a teaching assistant is an important part of the professional development and training that the university offers graduate students. Feedback from faculty mentors helps identify strengths, encourages performance improvement, as well as prevents, mitigates, or helps resolve academic disputes. Guidelines for the assessment of teaching assistants are available at go.tufts.edu/gradTA.

The university reserves the right to remove students from their roles as TAs or RAs at any time if the university determines, in its sole discretion, that there is cause for removal. Inadequate degree progress as defined by departmental or program standards may constitute cause. Academic dishonesty may also constitute cause. In all instances of dismissal, the student will be notified in writing and may appeal the decision to the appropriate dean.

Fellowships and Merit Awards

There are various fellowships and merit awards available through application. The Graduate School of Arts and Sciences Dean's office, the School of Engineering Dean's office, and academic departments provide award descriptions and application deadlines throughout the academic year.

Research Support

Graduate Student Travel Funding

Students are offered the opportunity to apply for funding of a portion of their travel expenses to present scholarly work at academic conferences. Resources are limited, and more detail about the application process and guidelines can
be found online at go.tufts.edu/GradStudentTravel. Students must be in good academic standing and enrolled in a degree program to be eligible to apply.

**Graduate Student Research Competition**

Graduate students in arts, sciences, and engineering can apply for funding for research projects in the biannual Graduate Student Research Competition (GSRC). The competition is held once each semester, and details and guidelines are available online at go.tufts.edu/gsrc. Students must be in good academic standing and enrolled in a degree program to be eligible to apply to the competition.

**Research Assistantships**

Research assistants are graduate students who actively participate in the ongoing research program of a faculty mentor. Stipends are sometimes available during the summer as well as during the academic year. Research assistantships are normally awarded through the department chair or research program director. The holder of one of these awards typically takes two courses per semester, and spends up to twenty hours per week in activities associated with funded research activities. Research assistants are eligible for other awards, including scholarships and fellowships. Research assistants with appointments of 10 or more hours per week should register for 406-RA each semester. All newly appointed research assistants are required to attend the fall semester Research Assistant Orientation. Guidelines for the assessment of research assistants are available at go.tufts.edu/gradRA.

The university reserves the right to remove students from their roles as TAs or RAs at any time if the university determines, in its sole discretion, that there is cause for removal. Inadequate degree progress as defined by departmental or program standards may constitute cause. Academic dishonesty may also constitute cause. In all instances of dismissal, the student will be notified in writing and may appeal the decision to the appropriate dean.

**Federal Financial Aid**

Administered by Student Financial Services

- **Federal Direct Loans**
- **Federal Work Study**
- **GradPlus Loans**

These federal programs are offered to students based upon their financial need and satisfactory academic progress. Students will receive an award letter via email indicating their eligibility. Complete details of these programs and descriptions of alternative forms of financing are available at students.tufts.edu/financial-services/financial-aid.

Federal Direct Loans are available to certificate students enrolled at least half-time in the following programs: Community Environmental Studies, Management of Community Organizations, Museum Studies, Occupational Therapy, Program Evaluation, and the post-baccalaureate Studio Art program.

Students in other certificate programs and students pursuing non-degree study (Graduate Career Advancement Program students) are not eligible for Federal Direct Loans.

**How to Apply**

Students who wish to apply for any of the federal programs named above should complete the Free Application for Federal Student Aid (FAFSA).

The form is online at www.fafsa.ed.gov. The Tufts FAFSA code is 002219.

**Loan Deferments**

Tufts University provides information regarding student enrollment status to the National Student Loan Clearing-house, which then provides information to lenders. Enrollment status is either full-time, half-time, or part-time and is defined on page 11. Most lenders require that students be enrolled in a graduate program at least half-time in order to defer student loans. It is the student's responsibility to know what enrollment status is required by their lender(s) in order to defer loans, and to register accordingly each semester. Loan payments begin six months after a student graduates, withdraws, or drops below half-time status.
Health Coverage
Award packages for full-time Ph.D. students in the Graduate School of Arts and Sciences and for teaching and research assistants in the School of Engineering include payment of the Tufts student health insurance and the Tufts comprehensive health fee. For Graduate School of Arts and Sciences full-time Ph.D. students, individual student health insurance will be paid for the first five years of study while tuition is being billed. For both the Graduate School of Arts and Sciences and the School of Engineering, coverage applies only to the enrolled student health plan offered by the Graduate School of Arts and Sciences and School of Engineering. **Tufts will neither pay nor contribute towards other plans should a student elect not to take the Tufts coverage.**

The IRS and Department of Labor are in the process of revising federal guidelines regarding the payment of health insurance coverage for some graduate students. As a result, some of our award packages may need to be modified to comply with these new rules. We will provide updates on the website as new information becomes available, but should you have any questions, please contact gradserve@tufts.edu.
Students in the Graduate Career Advancement Program (GCAP) must abide by the rules and policies set forth in this handbook and by Tufts University.

**Registration**
GCAP students may enroll, on a space-available basis, in most undergraduate or graduate courses offered by the School of Arts and Sciences and the School of Engineering, with the exception of engineering management courses. Instructor permission is required to enroll in a class, and students may be required to provide the instructor with a copy of their transcript before obtaining approval for registration. GCAP students may take up to four courses a semester.

Lecture courses can be audited. When a student audits a course, a record of the audit (AU) appears on the Tufts transcript in lieu of a grade and credit. The course instructor is under no obligation to evaluate any test, papers, or other work. It is not possible to audit courses with labs, such as science, language, computer, or dance courses.

GCAP students will receive a Course Enrollment Form and registration instructions after being admitted to the program. Registration must be completed within the first two weeks of the semester.

**Tuition and Fees**
Tuition for the 2017–2018 academic year is $4,990 per credit for courses offered by the School of Arts and Sciences and $5,052 per credit for courses offered by the School of Engineering. Most Tufts courses are 1.0 credit. The fee for auditing a course is $1000. Payment is due at the time of registration.

**Refund Policy**
GCAP students who drop courses and/or withdraw completely from the program during the first two weeks of classes are eligible for a full refund of tuition. After this date, refunds are calculated based on the following schedule:
- Between two (2) and three (3) weeks: 80% credit adjustment
- Between three (3) and four (4) weeks: 60% credit adjustment
- Between four (4) and five (5) weeks: 40% credit adjustment
- Between five (5) and six (6) weeks: 20% credit adjustment
- After six (6) weeks: no refunds are available

**Academic Policies**
GCAP students are not matriculated as degree or certificate program students, and as such, there are slightly modified academic standards specific to this group. Otherwise, GCAP students must abide by all Tufts University policies with regard to academics and conduct.

Courses for which a GCAP student receives a grade lower than B- or a W may be retaken only once and with the instructor's permission. The original grade earned remains on the student's record. Note that graduate-level courses in which a grade lower than B- is received will not qualify to be transferred towards a degree or certificate program at Tufts Graduate School of Arts and Sciences or School of Engineering. Please see the Transfer of Credit and Academic Standing sections of this handbook for further information on transferring credit to count towards a Tufts degree or certificate.

GCAP students may not have more than one course in which a failing grade is received. If a student receives more than one final grade of 'F', the student will not be permitted in the future to register for courses at Tufts.
Procedure for Awarding of Certificates

Students completing a certificate need to complete a Recommendation for Award of Certificate form and return it to Graduate Student Services in Dowling Hall. The form can be found at go.tufts.edu/asegrad_graduationlinks. Certificates are awarded concurrently with graduate degrees in August, February, and May.

Procedure for Awarding of Degrees

Graduate degrees are awarded in August, February, and May, according to the dates indicated on the Schedule and Requirements for Awarding Graduate Degrees (page 22).

Students are responsible for applying for graduation in SIS and submitting a hard copy Application for Graduation to Graduate Student Services.

Graduate Student Services and academic departments reserve the right to remove from the degree list the names of candidates who have not met degree requirements.

Applying for Graduation

- Apply for graduation in SIS (go.tufts.edu/sis) using the “Academics” header.
- Enter or update your diploma name and diploma mailing address in SIS.
- From the “Academics” header, “Print Graduation Application,” print the PDF, complete the student section, and obtain the required department signatures. Submit the signed original form to Graduate Student Services in Dowling Hall.
- Complete the Graduate Exit Survey; it will be emailed to your Tufts account by the Office of Institutional Research approximately six weeks before graduation.

Other Requirements (if applicable)

- Combined bachelor’s/master’s candidates must apply for both degrees. Forms for applying courses toward both degrees must be submitted with the application for graduation. Forms can be found on the Registrar’s website.
- Ph.D. candidates must complete the Survey of Earned Doctorates (S.E.D.) online: sed-ncses.org
- Credits earned elsewhere that are to be counted toward the degree must be formally approved. Please see page 9 for more information.
- Confirmation of fulfillment of degree requirements not indicated on the transcript (including but not limited to: foreign language proficiency; internship; qualifying paper; and comprehensive examination) must be communicated to Graduate Student Services by the academic department.
- Thesis and dissertation requirements and guidelines can be found on page 20.

Commencement Information

- Commencement information can be found online at commencement.tufts.edu.
- Participation in Commencement is limited to students who are graduating in May or who graduated the prior August or February.
- Students in the M.A.T., M.S.E.M., M.S.I.M., and Occupational Therapy entry-level programs may be eligible to participate in Commencement prior to degree completion at the discretion of their department. All other exceptions are at the discretion of the Dean of the Graduate School of Arts and Sciences or the Associate Dean for Graduate Education in the School of Engineering.
- Diplomas for May degree recipients will be available for pick-up at Commencement. Diplomas for August and February degree recipients, and for May degree recipients who did not attend Commencement will be mailed out per the schedule on page 22.

Note: Honors standing is not given to arts, sciences, and engineering graduate students.
master’s thesis and doctoral dissertation

Organization
The final thesis or dissertation should be assembled in the order listed below:

1. Title page
2. Abstract (required; 350 words or less for doctoral dissertations, 150 for the master’s thesis; both double-spaced)
3. Acknowledgments (optional)
4. Table of contents
5. List of tables (if applicable)
6. List of figures (if applicable)
7. Text (main body of thesis/dissertation)
8. Appendix or appendices (if applicable)
9. Endnotes (if compiled at the end of the text)
10. Bibliography

Spacing and Margins
All text material and preliminary pages, including the abstract, should be double-spaced. Notes, bibliographic references, and long quotations may be single-spaced. The document should be arranged as if it were to be single-sided. The left and right margins should be 1-1/2 inches wide. The top and bottom margins should be one full inch.

Pagination
The title page should be lowercase Roman numeral “i” but not typed. Subsequent pages should be typed as “ii, iii,” etc., until the thesis proper is reached. The first page of the thesis proper is Arabic “1” and repeats the title only. Pagination appears within the one-inch margin, recommended about 3/4” from the top and right-hand edges of the paper or 3/4” from the bottom edge of the paper, centered. Pagination that includes pages such as “10a,” “10b,” etc., should be avoided.

Style and Documentation
Style and techniques of presentation, including documentation, should correspond to standard practices employed in the scholarly field of the thesis. Generally acceptable are the documentation styles in *The Chicago Manual of Style* (University of Chicago Press); *The MLA Handbook for Writers of Research Papers* (published by the Modern Language Association of America); or the *Publication Manual of the American Psychological Association*. The candidate, in consultation with the candidate’s mentor, should resolve all questions of style and technique before preparing a final copy.

Copyright Information
Students are the copyright holders of their thesis/dissertation. No additional steps (e.g. formal registration, displaying ©) are necessary for students to become the copyright holder of their work.

Examining Committees
The committee chair for all graduate degrees is typically a full-time, tenure-track faculty member from the department. Exceptions must be approved by the dean. Departments may have additional requirements.

Master’s Candidates
The examining committee for master’s candidates completing theses should be composed of three members.

Doctoral Candidates
The examining committee for doctoral candidates in the Graduate School of Arts and Sciences should be composed of four members—three from the department (or relevant disciplines at Tufts) with which the student has conducted research and one from outside the university.

The School of Engineering doctoral examining committees consist of a minimum of four members with one member from a different Tufts department and one member from outside the university.

Copyright Information
Students are the copyright holders of their thesis/dissertation. No additional steps (e.g. formal registration, displaying ©) are necessary for students to become the copyright holder of their work.

University Microfilm International (UMI) maintains pertinent copyright information and can advise candidates on intellectual property issues. UMI’s website is [www.proquest.com](http://www.proquest.com). During the electronic submission process students may have ProQuest/UMI file for copyright on their behalf should they want the extra benefits of registration. For additional information about copyright registration, visit [www.copyright.gov](http://www.copyright.gov) or write to:

Information and Publications Section

Tisch Library offers periodic workshops and background information on copyright, fair use, and seeking permissions.

Examining Committees
The committee chair for all graduate degrees is typically a full-time, tenure-track faculty member from the department. Exceptions must be approved by the dean. Departments may have additional requirements.

Master’s Candidates
The examining committee for master’s candidates completing theses should be composed of three members.

Doctoral Candidates
The examining committee for doctoral candidates in the Graduate School of Arts and Sciences should be composed of four members—three from the department (or relevant disciplines at Tufts) with which the student has conducted research and one from outside the university.

The School of Engineering doctoral examining committees consist of a minimum of four members with one member from a different Tufts department and one member from outside the university.
Details of Thesis/Dissertation Defense and Submission

All students completing a thesis or dissertation as part of their degree requirements must have a defense. A defense consists of two parts:

1) students formally present their research in a public forum to the Tufts community and invited guests and respond to questions from the audience;

2) students defend their thesis or dissertation to members of their committee in a closed session.

It is the student's responsibility to distribute copies of the thesis or dissertation to the committee members in advance of the defense. The defense should be scheduled several weeks prior to the thesis or dissertation submission deadline. See page 22 of this handbook for recommended and required deadlines regarding defense and submission.

The student and the committee members must be physically present at the defense. In exceptional circumstances, one committee member (usually not the committee chair) may be allowed to participate electronically if minimum requirements for quality of technology and participation are assured. At the conclusion of a successful defense, all committee members will sign the Certificate of Fitness form; an electronic signature will only be accepted from a committee member who was not physically present at the defense. The Approval of Thesis/Dissertation for Submission form will be signed by the committee chair once a final draft of the thesis (including any revisions recommended by the committee) is approved for publication.

Original hard-copies of both forms must be submitted to Graduate Student Services by the published deadline; online submission of the thesis/dissertation is required. Links to forms and external sites can be accessed at: go.tufts.edu/asegrad_graduationlinks.

In accordance with Tufts University's policy on Intellectual Property (viceprovost.tufts.edu), all theses/dissertations submitted in partial fulfillment of degree requirements will be made available for use on Tufts owned websites, including the Tufts Digital Library (TDL). The TDL is an open access website, and works deposited into the TDL will be available to the public unless embargoed. Embargoes are available for six months, one year, and up to a maximum of two years. No delays in public archiving of the work will be granted without the support, in writing, of the candidate's department or program chair. School of Engineering students must have approval from the appropriate administrative dean.

Ordering Copies of the Thesis/Dissertation

During the electronic submission process, students are given the opportunity to order bound paper copies of their thesis or dissertation from ProQuest.
## Awarding Graduate Degrees
### Schedule and Requirements

Libraries
The Tisch Library, the Lilly Music Library, and the W. Van Alan Clark Library at the SMFA support students, faculty, and staff in the School of Arts and Sciences and the School of Engineering.

Collections
The libraries provide a wide variety of resources and collections for research. In addition to hundreds of thousands of print items, the library provides online access to over 75,000 journals, 740,000 e-books, and significant collections of primary source materials, and streaming audio and video files. Tisch Special Collections houses rare books, manuscripts, and facsimiles to support teaching and learning in the humanities.

Research Support Services
Extensive research support services help graduate students discover and access resources for their research and utilize library services such as borrowing, interlibrary loan, “scan and deliver,” reserves, and library spaces. Research assistance is available both in the library and via email, instant messaging and telephone. One-on-one and small group consultations are available for discipline-specific guidance.

Support for Teaching
Research Librarians also support graduate students in their roles as instructors/teaching assistants by consulting on the design of assignments that connect students to library services/resources, and by developing workshops for entire classes to help students understand discipline-specific research methodologies, focus research topics, and discover, access, and evaluate resources. See the Staff Directory at tischlibrary.tufts.edu/about-us/people to identify your Research Librarian.

Support for Publishing & Scholarly Communication
Workshops and one-on-one consultation on topics such as understanding your rights as an author, sharing your work and tracking your impact, evaluating copyright and fair use for your thesis or dissertation, managing your research data, identifying open access publishers, and more are routinely offered.

Grants & Awards
Tisch Library offers several grants programs for students, including funds to support open access publishing and competitive summer stipends through the Tisch Library Graduate Student Research Fellowship in the Humanities and the Arts. Learn more at tischlibrary.tufts.edu/about-us/innovations-and-student-awards.

Multimedia
The Digital Design Studio (DDS) at Tisch Library facilitates creation and production of multimedia content for course-based assignments and projects. The DDS has a Green screen wall for filming with virtual backdrops, a recording room for producing audio narrations and podcasts, and a recently added a large format printer for producing Posters. The Digital Design Studio website has more information on multimedia services at Tisch Library, tischlibrary.tufts.edu/use-library/digital-design-studio-dds.

Hours
For library hours see tischlibrary.tufts.edu/about-us/hours/tisch-hours.

Other Tufts Libraries and Partner Libraries
Graduate students have access to the Edwin Ginn Library of the Fletcher School of Law and Diplomacy on the Medford campus, the Hirsh Health Sciences Library on the Boston campus, and the Webster Family Veterinary Medical Library on the Grafton Campus.

The Tufts University libraries are members of the Boston Library Consortium (BLC), which allows students on-site borrowing privileges at MIT, the Boston Public Library, the libraries of Boston College, Boston University, Brandeis University, Northeastern University, the University of Massachusetts libraries, and many others.

Graduate students may obtain a consortium borrowing card at the Tisch Library circulation desk. For more information on the BLC and a complete list of BLC libraries visit tischlibrary.tufts.edu/services/interlibrary-loan/blc.

Career Center
The Tufts Career Center offers resources and programs for masters and doctoral students in Arts and Sciences and Engineering. Services and programs include job and internship listings, individual career coaching, resume critiques, career fairs, alumni presentations, networking opportunities, and more. Workshops specifically designed for graduate students are offered throughout the year and include topics such as interviewing, resumes and CVs, networking, and using social media in your job search.

The Career Center website provides information for graduate students
pursuing jobs outside of academia as well as in academia. Online resources such as Versatile PhD and Imagine PhD offer graduate students strategies for translating their skills into career opportunities. Graduate students are encouraged to join the Tufts Career Networking Group on LinkedIn to connect with alumni about careers, employers, and industries. Career Center hours are M-F, 9:00am to 5:00pm, with some evening appointments. You may make career advising appointments through the website according to your area of interest: Arts & Sciences - Jean Papalia, Engineering - Robin Kahan, Finance and Consulting - Chris Di Fronzo, and Careers in the Arts - Ryan Smith. Tufts Career Center, Dowling Hall, Suite 740, 419 Boston Avenue, 617.627.3299, go.tufts.edu/careercenter.

University Health Service
Graduate students who have paid the comprehensive student health fee have access to the University Health and Counseling Centers. The health fee covers unlimited primary care and walk-in visits to the Health Service, access to the Counseling and Mental Health Service, and an annual flu shot if available for those who desire inoculation. Laboratory tests, medications, consultation with on- and off-campus medical specialists, and hospital care are not covered by the health service fee. Students who do not purchase the optional medical insurance are required to demonstrate that they have comparable medical insurance from a U.S. carrier. Details regarding the fees and deadlines for waiving the university medical insurance are available on the Health Service website, students.tufts.edu/health-and-wellness/health-service. Please visit the Health Services website for their hours.

Note: The Health Service has after-hours consultation available. Call our main number at 617.627.3350 and you will be directed appropriately.

Counseling and Mental Health Service
CMHS is staffed by professionally trained counselors who are available to discuss personal and academic concerns with students. Initial consultations are available without charge to graduate students who have paid the comprehensive student health fee. The consultation includes discussion of the student’s current needs, and collaborative development of a plan for addressing these needs. The plan may include short-term individual and/or group counseling at CMHS, or referrals to mental health providers in the nearby community. When referral is appropriate, CMHS will assist students with the referral process if desired. Psychiatry services are also available on-campus (by referral only) when medication is needed as an element of treatment. Students who wish to have medication management on campus are required to be participating simultaneously in ongoing counseling. Psychiatry services are a covered cost for students who subscribe to the Tufts University Student Health Insurance. Psychiatry Services are also available for a fee to students who do not have the Tufts University Student Health Insurance. This fee is much lower than the usual and customary fee in the community.

CMHS is located in Sawyer House at 120 Curtis Street. Appointments can be made by calling 617.627.3360.

Please visit the CMHS website for their hours. In the event of a mental health emergency when CMHS is closed, there is always a clinician on-call who can be contacted through the Tufts University Police at 617.627.3030.

Academic Resource Center
The Tufts Academic Resource Center (ARC) provides free, individualized, one-on-one support for arts, sciences, and engineering graduate students in a number of areas, including writing, time management, study strategies, and public speaking. The ARC also offers regular graduate writing groups and retreats, workshops for international students, and other resources. To learn more about the ARC, go to go.tufts.edu/ARCgraduate or call 617.627.4345.

Student Accessibility Services
The Student Accessibility Services (SAS) Office is committed to providing equal access for students with disabilities. SAS provides reasonable accommodations to all qualified students. SAS works with students who have a wide array of disabilities including but not limited to learning disabilities, Attention Deficit Hyperactivity Disorder, sensory and mobility impairments, mental health and chronic illnesses. Students seeking accommodations should contact Student Accessibility Services by calling 617.627.4539, through email Accessibility@tufts.edu, or by accessing the website students.tufts.edu/student-accessibility-services.
Graduate Student Council (GSC)
The Graduate Student Council (GSC) is the governing organization of the arts, sciences, and engineering graduate student community. All graduate degree students pay an annual student activity fee, which enables the graduate student organizations to organize events open to all graduate students.

The GSC was formed to serve the graduate students in arts, sciences, and engineering by providing social, cultural, educational, advocacy and community outreach opportunities while facilitating interactions across the schools and within departments throughout the university. The GSC equally invests itself in representing students and advocating on their behalf to the university administration.

To stay up to date on all GSC events and notices, regularly check the website as.e.tufts.edu/gsc (including the online calendar), read the GSC monthly emails, and take the time to attend monthly general meetings. Every member of the graduate student community is welcome to attend the General Meetings, as well as any GSC event. For additional updates, subscribe to the graduate student listserv by sending an email to gsc@tufts.edu (subject: SUBSCRIBE GSC listserv) or by using the link available from the homepage of the website. You can also follow the GSC on Facebook (www.facebook.com/TuftsUniversityGSC) and Twitter (twitter.com/TuftsGSC).

The GSC manages two graduate student lounges (in West Hall and Curtis Hall), which are available to all graduate students in arts, sciences, and engineering.

West Hall
The first graduate student lounge is in West Hall. Rooms 001 and 002 in West Hall provide a quiet study space and are often used for small, collaborative meetings. Graduate students have 24-hour access to this space.

Curtis Hall
The second graduate student lounge is located in Curtis Hall. Curtis Hall is located at 474 Boston Avenue next to the Brown & Brew Coffee House. The space is typically used to host large meetings, social gatherings, talks and small lectures of graduate students.

Dean of Student Affairs Office
The Dean of Student Affairs Office is a central resource for all students on campus seeking general advice, needing help in a crisis, or hoping to find ways to further connect to co-curricular opportunities at Tufts. To schedule an appointment, call 617.627.3158. The Tufts community is supported by many organizations, including the following, which are under the purview of the Dean of Student Affairs Office: Office of Community Standards, Office of Residential Life and Learning, Office for Campus Life, Student Affairs Pluralism Initiatives, and the campus cultural resource centers, a listing of which can be found at on the Student Life website: students.tufts.edu.

Community Standards
The judicial system of the Dean of Student Affairs Office serves undergraduate and graduate students and offers mechanisms to address many issues, including informal resolution, alternative dispute resolution (mediation), fact-finding hearings, and Stay Away requests or No Contact Orders between parties on campus. Issues include academic integrity, harassing behavior, violations of the Code of Conduct, and complaints against organizations. Anyone who feels that the behavior of others is problematic is welcome to bring the issue to the Dean of Student Affairs Office. See Tufts’ Code of Conduct at the Student Life website at go.tufts.edu/CodeofConduct. For more information about the Office of Community Standards, visit go.tufts.edu/CommunityStandards.

Harassment
Tufts University is committed to the principle of equal opportunity in education and employment. Tufts prohibits discrimination against and harassment of any student, employee, applicant for employment, third party or community member because of race; color; national or ethnic origin; age; religion; disability; sex; sexual orientation; gender; gender identity and expression; including a transgender identity; genetics; veteran status; retaliation; and any other characteristic protected under applicable federal or state law, also known as “protected categories.” The University expects all Tufts employees, students, and community members to join with and uphold this commitment.

Tufts University also prohibits retaliation based on a protected activity, such as the filing of a complaint of harassment or participation in the investigation of such a claim. Any witness, complainant or respondent involved in an investigation ought not to be retaliated against for their participation in the fact-finding process.
Concerns about harassment can be reported the Dean of Student Affairs Office, 617.627.3158, or the Office of Equal Opportunity at 617.627.3298 or oeo@tufts.edu. Anonymous complaints may also be made by reporting online at tufts-oeo.ethicspoint.com or by using the hotline at 1.866.384.4277.

Information regarding support services for individuals who have experience any form of misconduct can be found on the OEO website oeo.tufts.edu/reporting-resources.

Note: If you receive a harassing or threatening email, it is important to save it and contact Tufts Police immediately.

**Sexual Misconduct**

Tufts University is committed to providing a campus environment free of sex and gender based discrimination, and sex and gender based harassment. To that end, Tufts prohibits sexual misconduct, that, under this policy, can include: (1) sex and gender based discrimination; (2) sexual and sex and gender based harassment (including a hostile environment based on sex or gender); (3) sexual assault; (4) sexual exploitation; (5) stalking; and (6) relationship violence (including dating and domestic violence). Under Tufts University policy, sexual misconduct can occur in any sex or gender configuration (i.e., between the same sex or different sex or gender) and regardless of actual or perceived sex, gender, gender identity, gender expression, and/or sexual orientation. Tufts also prohibits retaliation.

Sexual misconduct is not limited to the workplace or the educational environment. It can extend beyond University property and could occur at any University sponsored program, activity, or event regardless of the location. It can occur out of state or country, such as at a conference, off-site project, study abroad, field placement, or at an externship. Sexual misconduct can occur between students, employees and third parties such as visitors, vendors, contractors and other community members. Tufts' Sexual Misconduct Policy applies broadly and in many different circumstances. Tufts will consider the effects of the off-campus conduct when evaluating whether there is a hostile environment on campus. More detailed information about Tufts policies and procedures on this topic may be found on the Office of Equal Opportunity (OEO) website oeo.tufts.edu/policies-procedures/sexual-misconduct-student.

Any concerns regarding sexual misconduct can be reported to the Office of Equal Opportunity (OEO) at 617.627.3298 or oeo@tufts.edu. Anonymous complaints may also be made by reporting online at tufts-oeo.ethicspoint.com/ or by using the hotline at 1.866.384.4277.

Information regarding support services for individuals who have experience sexual misconduct, including confidential resources, can be found on the OEO website oeo.tufts.edu/reporting-resources.

**Consensual Relations with Faculty and Academic Administrators**

Tufts strives to maintain a professional educational environment. Because faculty members, TAs, and academic administrators exercise power over students, amorous dating or sexual relationships between faculty members/TAs/academic administrators and students over whom the faculty member/TA/academic administrator is in a position to exercise authority in any way is a violation of university policy. If you are concerned or have questions about a relationship with a faculty member/TA/academic administrator, assistance can be provided by the Dean of Student Affairs Office or the Office of Equal Opportunity at 617.627.3298 or oeo@tufts.edu.

**Tufts Technology Services (TTS)**

Tufts Technology Services (TTS) realizes that having the right tools is critical to your success as a student at Tufts. Check out the variety of technology resources available to meet your unique needs and to help you achieve your academic objectives. A full list of available IT services can be found at it.tufts.edu.

**Basics**

- Your Tufts Account is your Tufts Username and Tufts Password
- Your Tufts Email is powered by Microsoft Office 365
- The Student Information System (SIS) is your go-to place for course registration, catalogs, schedules, financial accounts, financial aid, address information, transcripts, grades.
- Trunk is Tufts’ Learning Management Systems for most of your courses
campus resources

- Computer Purchases: Student discounts are available. View Tufts’ recommendations or request a computer purchase consultation.

- Tufts Mobile (download the app or visit m.tufts.edu) provides information on Tufts shuttles, Tufts news, events and calendars, social media feeds, and more.

Connecting to the Tufts Network
- On-Campus: Use your Tufts Username and Tufts Password to connect to the wireless network using Tufts Secure (recommended) or Tufts Wireless. Tufts Guest is an open wireless network with limited access.

- Off-Campus: Use the Tufts Virtual Private Network (VPN) to create a secure and private connection from off-campus locations.

Tools and Software
A variety of tools and software are available to you at a discount or for free.
- Microsoft Office Suite (O365) for Word, Excel, PowerPoint: online and downloadable software (free)
- Tufts Box: free file storage and file sharing (free)
- WebEx: audio, web and video online conferencing tool (free)
- Lynda.com – skills and software training library (free)
- Other software (including discounts on Adobe Creative Cloud, SPSS, etc.)

Computer Labs and Printing
- Public Computer Labs offers Macs, PCs, printing, and the Internet. Many also provide specialized software.
- Printing, copying, and scanning from either personal or public computers is available in all Medford libraries and labs.

Help and other available Resources
- The TTS Service Desk is available to help you 24/7:
  - 617.627.3376
  - it@tufts.edu
- Walk-In Tech support is available on all campuses.
- TTS Information Security maintains a number of tips on securing information and devices while at Tufts.
- Find more information about Technology at Tufts
  - Tufts University libraries’ online resources at Tisch Library
  - Technology at Tufts page at students.tufts.edu/orientation/getting-started/technology-tufts

Athletic Facilities
Athletic facilities at Tufts are available to all students. There are facilities for routine exercise, swimming, squash, sauna, tennis, jogging, basketball, softball, and volleyball, as well as aerobics classes. Presentation of identification cards is required when using these facilities. Facility information and hours are on the web at www.gotuftsjumbos.com/facilities/information.

Parking
Parking at Tufts is limited. Students are encouraged to use public transportation whenever possible. The following is an overview of the Tufts University Traffic and Parking Regulations provided by the Department of Public Safety Administrative Services Office at 617.627.3692. For the full Tufts University traffic and parking regulations visit: publicsafety.tufts.edu/adminsvc/parking-and-traffic-regulations.

Any vehicle parking on campus must be registered with Public Safety and Administrative Services. There are a variety of decals available that may be purchased at the Traffic Office at 419 Boston Avenue. Applicants should bring their current Tufts ID, vehicle registration and proof of insurance. Students whose vehicles are registered out of state must obtain a Massachusetts Nonresident Student Decal. Vehicles parked in violation of Tufts’ parking regulations are subject to being ticketed and/or towed. Fines that remain unpaid after 14 days will be billed to the student’s bursar account.

Public Transportation
Information on discounted Massachusetts Bay Transportation Authority (MBTA) passes and schedules are available at the Bursar’s Office at Dowling Hall, 617.627.2000, or through the MBTA website, www.mbta.com. Shuttle service is available from the Medford/Somerville campus to Davis Square during the fall and spring semesters. Schedules and other information can be found online at publicsafety.tufts.edu/adminsvc/shuttle-services-2 or at m.tufts.edu/transit/index for mobile devices.
Directions to the campus are available at www.tufts.edu/about/visit
Graduate Student Handbook 29

Press Policy for Graduate Students and Post-Doctoral Students

Tufts University and the Graduate School of Arts and Sciences maintains and fosters many relationships with reporters, columnists, and other members of the press, including those in print, broadcast, and electronic media. We provide experts regularly to the news media from within the ranks of our faculty and our most seasoned faculty experts often work directly with members of the press, as well. As a result, in the aggregate, Tufts University and its schools receive a good deal of positive attention relating to the research activities of its faculty and, increasingly of its graduate students, post-docs, and even its undergraduates.

To effectively manage these media relationships, we rely on a group of public relations and communications professionals. It is their charge to ensure that the interests of the University and its schools, faculty, and students are successfully met whenever a reporter is trying to get information for his or her own story. While the interests of the reporter or the media outlet may coincide with our institutional priorities, it is not always the case. Ensuring the information about Tufts and its schools is presented factually (that Tufts, for example, is not in Boston or Cambridge or that you are a student in the Graduate School of Arts and Sciences) may not be foremost on the reporter’s mind, but we care a great deal about these pieces of identifying information.

Further, like you, we want to ensure that your research or other professional activities are represented fairly and accurately. Our public relations and communications teams can help you assess potential media opportunities and work effectively and comfortably with journalists.

Similarly, when students are approached about their work, it is important for the faculty members with whom they do their research to be aware of the potential for news coverage, as well.

We are always happy to hear that our students are involved with the kind of research that major media wish to highlight: it is the best possible kind of visibility and promotion for Tufts. But because it is visibility for Tufts, our public relations staff do need to be involved.

Thus, if and when you are contacted by a reporter, and before you are interviewed, please contact Patrick Collins. In addition, media training and interview support is also available from the Office of Public Relations.

Patrick Collins, Director of Public Relations, Medford/Somerville campus, (patrick.collins@tufts.edu), 617.627.4173

We appreciate your cooperation in helping to ensure that GSAS and Tufts receive the best and most accurate news coverage possible and we thank you for all your efforts.

**Note:** For students in the School of Engineering, please contact your department chair and Craig Thomas, Communications Director, at craig.thomas@tufts.edu or 617.627.6087.
